SAINT-FLORENTIN

ATHLETICS

FASTER, HIGHER, STRONGER !

Located in Saint-Florentin, close to the train station (line Lyon/Dijon/Paris), the resident club Yonne Athlétique du Florentinois enjoys a stadium that complies with international norms. The stadium is equipped with a very recent track with a 6 lanes on the ring and 8 in the straight line. A hotspot for sporting events which regularly hosts national and international meetings.

Today, the club is chaired by M. Sébastien Maillard, a former high-level athlete who participated in various World and European championships. Taking advantage of this experience, the club is regularly a candidate to host national and paralympic championships. The stadium of Saint-Florentin has many assets and high quality infrastructures to welcome athletes in the best conditions. All areas are accessible to people with reduced mobility.

Made by EUROSYNTEC, a french leader in synthetic coatings, the track coating complies with the norms and standards of the French Athletics Federation (FFA) and the International Athletics Federation (IAAF), which allows an optimum use of the equipment.

The Center also had a weight room (50 m2) equipped with heating and a cardio area. Moreover, the structure is fully accessible to people with reduced mobility. The stadium allows Para sports seated throws and it is regularly used to host national Para athletics meetings.
